Advising for Education Students

All academic advising for Education students is conducted through the Faculty of Education office,

Senior Years

Completion of a Teachable Major

Students in the Senior Years stream must complete a teachable major consisting of a minimum of 30 credit hours in one of the following subjects:

- > Biology
- > Chemistry
- > English
- > French
- > Geography
- > History
- > Kinesiology*
- > Math
- > Physics
- > Theatre

If a student chooses a degree major in one of these areas, then they will automatically fulfill the major teachable area as well. If a student chooses a degree major in a subject that is not listed here, they will still need to complete 30 credit hours in a teachable major in addition to the degree major.

* a 2 2 2 2 2 / 1
 48 2 2 /
 2 2 A a 2 Cal a, 2 a
 3- a B a a l j a 2 2 a 2 .

Completion of a Teachable Minor

Students in the Senior Years stream must complete a teachable minor, consisting of a minimum of 18 credit hours in one of the following subjects:

- > Anthropology,
- > Biology,
- > Chemistry
- > Classics
- > Economics
- > English
- > French**
- > Geography
- > History
- > Indigenous Studies*
- > Kinesiology**
- > Math**
- > Philosophy
- > Physics
- > Politics
- > Psychology
- > Religion
- > Sociology
- > Theatre

Courses used to fulfill the degree major can also be used to fulfill the minor teachable area. However, the major and minor teachable areas must be chosen from two different subject areas.

Senior Year

Example 1

A student chooses Geography as his degree major, and must complete 30 credit hours of Geography for his B.A. Geography is also a teachable major, so the student will fulfill both the degree major and the teachable major through his 30 credit hours of Geography. The student must also choose a teachable minor from the list above, and must complete 18 credit hours in that subject as well.

Example 2

A student chooses Psychology as her degree major, and must complete 36 credit hours of Psychology courses for her B.A. Psychology is not a teachable major, so the student must complete an additional 30 credit hours from one of the areas listed above. Psychology is a teachable minor, however, so the student can use 18 of her 30 credit hours of Psychology to fulfill a teachable minor.

Double teachable major or teachable major and double teachable minor

Students may also choose to take a double teachable major (a separate minor would not be required), or a teachable major and a double teachable minor. Students may also complete a non-teachable degree major, a teachable major, and a teachable minor.

Students who choose three areas of study should be aware that they may not be able to complete all requirements within 93 credit hours.

Completion of a Teachable Major

Students in the Elementary stream must complete a teachable major consisting of 18 credit hours in one of the following subjects:

- › Biology,
- › Chemistry
- › English
- › French
- › Geography
- › German
- › History
- › Indigenous Studies*
- › Kinesiology**
- › Mathematics
- › Physics
- › Theatre

If a student chooses a degree major in one of these subjects, then they will automatically fulfill the major teachable area as well. If a student chooses a degree major in a subject that is not listed here, they will still need to complete an additional 18 credit hour teachable major.

Completion of a Teachable Minor

Students in the Elementary stream must complete a teachable minor, consisting of 12 credit hours in one of the following subjects:

- › Anthropology
- › Biology
- › Chemistry
- › Classics
- › Dance
- › Developmental Studies
- › Economics
- › English
- › French**
- › Geography
- › German
- › History
- › Indigenous Studies*
- › Kinesiology and Applied Health**
- › Mathematics***
- › Philosophy
- › Physics
- › Politics
- › Psychology,
- › Religion
- › Sociology
- › Theatre

Courses used to fulfill the degree major can also be used to fulfill the teachable minor. However, the major and minor teachable areas must be chosen from two different subject areas.

Distribution Requirement

Students in the Elementary stream must complete a Distribution Requirement consisting of:

- › **6 credit hours of English or French literature courses**
- › **6 credit hours of Social Studies** – only History or Geography courses can be used to meet the Social Studies requirement
- › **6 credit hours of in Science** – only Biology, Chemistry, Physical Geography, or Physics courses can be used toward the Science requirement.
- › **6 credit hours in Math** – only Math courses can be used to fulfill the Math requirement.

Year 2 Education and Practice

In Year 2, students must register for the following compulsory Education courses:

- > EDUC-2511(3) Learning Theory (lecture course)
- > EDUC-2512(1) Learning Theory Practicum (school placement experience)
- > EDUC-2410(3) The School System
- > One course to fulfill the Year 2 " a 2 a 2 " requirement

EDUC-2511(3) Learning Theory

Learning Theory is a regular lecture course, and will meet for approximately 3 hours of class time each week. Learning Theory is offered in both the Fall and Winter terms. Choose one section in **Either** term.

EDUC-2512(1) Learning Theory Practicum

In Year 2, you will begin to gain practical experience in a school setting. You will spend two half days (or one full day) per week in a school during the term in which you are taking Learning Theory.

Through this practicum, you will earn 1 credit hour toward your degree. Even though this practicum is not a course with formal lectures, it is represented by a course number and title: EDUC-2512(1) - " a 2 a 2 ." You will register for this course, and then select two " a 2 " sections which correspond to the two half days (or one full day) that you will have available for your school placement. Practicum sections are listed in the University Course Schedule with the number EDUC-2512Px (see the following examples).

You must schedule Learning Theory Practicum and its two practicum sections in the **Same Term** that you are registering for the Learning Theory course.

How to Register for Learning Theory and Practicum

There are four steps to registering for Learning Theory and the associated practicum:

Fall Term

Step One – Register for **EDUC-2511**

There are two sections of EDUC-2511(3) Learning Theory offered in the Fall, 2023 term. Choose one of the following sections:

- > EDUC-2511-001: MWF, 9:30 - 10:20 a.m.
- > EDUC-2511-002: T Th, 10:00 - 11:15 a.m.

Step Two – Register for **EDUC-2512-001**

Practicum in the Fall term. Next, choose two half days (or one full day) per week for your practicum:

Step Three – Register for **one** section of **EDUC-2512P1**

in the Fall term. Choose from sections 070 through 079. This time represents your first half day per week for your practicum.

Note: The 18 credit requirement for the Education program is fulfilled by the completion of EDUC-1810(3) Learning Theory and EDUC-2511(3) Learning Theory Practicum in the Fall term of 2024-2025. The remaining 12 credits are fulfilled by the completion of EDUC-2410(3) The School System and EDUC-2512(1) Learning Theory Practicum in the Fall term of 2024, and EDUC-2512P1 Learning Theory Practicum in the Fall term of 2025.

Year 2 Educational Practice

Step Four – Register for **one** section of EDUC-2512P2 in the Fall term. Choose from sections 070 through 079. This time represents your second half day per week for your practicum. When planning your schedule, ensure that you have left time for traveling to and from your school.

Example

You will need to register for **four** separate components, as in the following example: A student has registered for EDUC-2511-002 Learning Theory. Section 002 will take place in the Fall Term, Tuesdays and Thursdays from 10:00 - 11:15. The student has Monday morning and Tuesday afternoon available in the Fall term for student teaching. The student would register for:

- > EDUC-2511-001 Learning Theory
- > EDUC-25121-001 Learning Theory Practicum
- > EDUC-2512P1-070 (Monday, 8:30 a.m. to 12:00 p.m.)
- > EDUC-2512P2-073 (Tuesday, 12:30 p.m. to 4:00 p.m.)

Winter Term

Step One – Register for EDUC-2511(3) Learning Theory. There are three sections of EDUC-2511(3) Learning Theory offered in the Winter, 2024 term. Choose one of the following sections (Section 250 is reserved for students in another program, and is not available):

- > EDUC-2511-003: MWF, 10:30 - 11:20 a.m.
- > EDUC-2511-004: TTh, 10:00 -11:15 am.
- > EDUC-2511-770: TTh, 4:00 - 5:15 p.m. (online section)

Please note that EDUC-2511-250 is not available, and has been reserved for students in the WEC/CATEP programs.

Step Two – Register for EDUC-2512-002 Learning Theory Practicum in the Winter term. Next, choose two half days (or one full day) per week for your practicum.

Step Three – Register for **One** section of EDUC-2512P3 in the Winter term. Choose from sections 070 through 079. This time represents your first half day per week for your practicum.

Step Four – Register for **one** section of EDUC-2512P4 in the Winter term. Choose from sections 070 through 079. This time represents your second half day per week for your practicum. When planning your schedule, ensure that you have left time for traveling to and from your school.

Example

You will need to register for **four** separate components, as in the following example: A student has registered for EDUC-2511-004 Learning Theory. Section 004 will take place in the Winter Term, Tuesdays and Thursdays, 10:00 - 11:15. The student has all day Friday available in the Winter term for student teaching. The student would register for:

- > EDUC-2511-005 Learning Theory
- > EDUC-25121-002 Learning Theory Practicum;
- > EDUC-2512P3-088 (Friday, 8:30 a.m. to 12:00 p.m.)
- > EDUC-2512P4-089 (Friday, 12:30 p.m. to 4:00 p.m.)

Important Notes Regarding Late Registration and Waiting Lists for Learning Theory and Learning Theory Practicum:

Students who are on a waiting list for a section of Learning Theory or Learning Theory Practicum will be notified via email when a spot becomes available. Students who are on a waiting list for a section of Learning Theory or Learning Theory Practicum will be notified via email when a spot becomes available.

Year 2 Educational and Practice

EDUC-2410(3) The School System

Students must have completed 18 credit hours of University courses, including EDUC-1810(3) Service Learning, to be eligible to register for The School System in the 2023-2024 academic year.

These prerequisites must be completed by April, 2023, registration

Year 2 Arts and Science Course Selection Year Summary

Arts or Science and/or Teachable Major

In Year 2, students typically register for 12 credit hours in their major. To find out which courses to take, consult your major department's section in the Academic Calendar.

Teachable Minor

In Year 2, students typically register for 6 credit hours in their minor. There are no required courses for minors, and students may generally choose any 18 credit hours in their chosen subject.

Year 2 Arts and Science Course: Elective Area

Arts or Science Major

In Year 2, students typically register for 12 credit hours in their major.

Teachable Minor

In Year 2, students typically register for 6 credit hours in their minor.

Course Selection, Time Table and Registration

Select Courses

Consult the information you received at your " a / A " session, as well as the Academic Calendar > Degree and Major Requirements

Read Course Descriptions and Check for Prerequisites

Check the course descriptions in the Academic Calendar to ensure that you have any necessary prerequisites. Sometimes prerequisites are listed in the general information at the beginning of the department's section under the heading Prerequisites.

Rule of Thumb – Generally, you require a 1,000 level introductory course before moving on to courses at the 2,000 or 3,000 level in that Department.

Timetable Your Courses

- > List all the possible time slots in which your chosen courses are offered and timetable
- > those with a limited choice of slots first
- > Make sure there are no lecture or exam conflicts
- > Make sure your courses are evenly balanced over both terms
- > Do not exceed 31 credit hours per year, as this is the maximum allowable course load for Year 2 students. Generally speaking, the maximum course load per term is 15 credit hours. You will be allowed to register for a maximum of 16 credit hours in the term in which you take " a " and " a ".

Select Alternate Courses

It is recommended that you pre-select alternate sections and/or courses as replacements in the event that your first choice is not available. Refer to your " a / A " checklist, and choose other degree requirements as alternates.

Register for Courses

Complete your online registration at your designated time.

Apply for Practicum

Send your School Placement Request form to the Faculty of Education by the close of your registration tier. If you have misplaced your form, please email Monica Hoersch, Practicum Assistant, at monica.hoersch@utoronto.ca.

Note: a / a / a 30 , a / a / a la A 2.5 , all a a 36 a , a a 18 a (a a 19 a a a a a , a a a)

Informational Dates 2024 - 2025

2024

Late August	Informational material for the Year 2 Learning Theory Practicum will be emailed to students
September 3	Lectures begin for the Fall Term
September 3 - 16	Late registration, course add/drops, and section changes occur during this time. Subsequent changes are allowed only in exceptional circumstances, and must be authorized by an academic advisor.
September 19	Deadline to pay fees for Fall and Fall/Winter courses
September 30 Truth and Reconciliation Day	– University Closed
October 14 - 18	Fall Term Reading Week, no classes or practicum
November 13	Withdrawal Deadline for Fall Term 3 credit hour courses
December 2	Lectures end for the Fall Term (make-up classes take place December 3 and 4)
December 7- 20	Exam period for Fall Term courses

2025

January 6	Lectures begin for the Winter Term
January 6 - 17	Late registration, course add/drops, and section changes for Winter courses occur during this time. Subsequent changes are allowed only in exceptional circumstances, and must be authorized by an academic advisor.
January 22	Deadline to pay fees for Winter Term courses
February 14	Withdrawal Deadline for Fall/Winter term six credit hour courses
February 17 - 21	Mid-term Reading Week (no classes); University closed on Louis Riel Day, February 19
March 14	Withdrawal Deadline for Winter Term 3 credit hour courses
April 4	Lectures end for the Winter Term
April 9 - 23	Exam period for Fall/Winter and Winter Term courses
April 18	Good Friday - University Closed
